ABOUT

Welcome to Okay Mirror

Established in 2012, OKayMirror has focused on LED mirrors for over ten years. Our engineering has an LED lighting background, which is why OkayMirror can offer our partners mirrors with better lighting solutions.

Together with optimized structures (patent design) by experienced structure engineers, we can fabricate high-end LED mirrors without darkened corners. By doing this, OKayMirror helps our partners easily win their local market.

In recent years, to satisfy the global market for bathroom interior design, we started a new production line dedicated to providing high-quality bathroom mirrors to the hospitality industry and residential and commercial applications. We also support OEM and OEM services for contractors, wholesalers, and distributors.

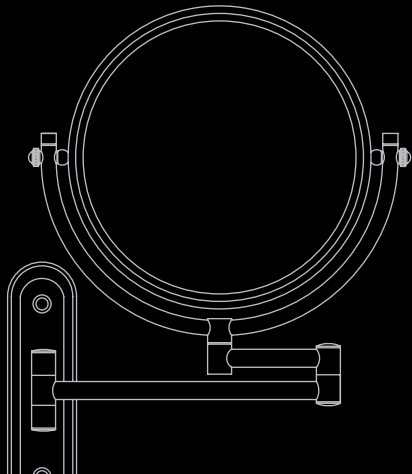

By cooperating with our partners and representatives, OKayMirror offers a wide variety of LED mirrors for various industries, such as hospitality, residential, commercial, salon, retail, sports facilities, healthcare, and so on.

there are also multiple functions you can choose for different applications; for example, you may need an anti-fog system when the mirror is used in the bathroom; dimmable lighting for residential, adjustable light color temperature for hotels and senior living; or Bluetooth speaker, if you want to enjoy some music when doing the bath.

contact us today to customize our LED mirrors.
